

Dear Chief Fraijo,

It is with great sadness that your brothers from the Quebec City Fire Department learned of the Yarnell's disaster.

Our thoughts and prayers are with you, the families of these courageous and dedicated professionals and with every firefighter of the Prescott Fire Department.

Please accept our most sincere condolences.

What he does after that is all in the line of work. ~Edward F. Croker*

Sadly, the line of work yesterday became a line of tears.

Sincerely,
